

CITY OF PEEKSKILL
Department of Planning
840 Main Street
Peekskill, New York 10566
914-734-4210

August 24, 2012

I have worked closely with John Lynch at the City of Peekskill Planning Department since 2002. In addition to providing the City with his professional guidance and expertise regarding complex planning issues, John was always extremely helpful and willing to devote as much time as was needed in reviewing all projects. One of John's many strengths was in his thorough project reviews and in the preparation of very organized, detailed, and concise Staff Reports. Although John was the City's Consulting Planner, he was viewed more as a day-to-day Staff Planner since he always made himself available and was very dedicated in all that he worked on. John would be a great asset to any organization.
